## Occupational Safety and Health Studies

No.	Title	Year
1	Compliance and Understanding of NADOPD Regulations	2007
2	OSHA Effectiveness after Ten Years	2007
3	Convergence of Occupational Accident and Diseases Statistic in Malaysia	2007
4	Evaluation of Safe and Healthy Work Culture and Its Correlation to Accident Rate in Malaysia	2008
5	Study on OSH Critical Issues Related Chemical Handling- Female Sprayers	2008
6	Study on the Relationship between Ergonomic Risk Factor and Health Effect among VDU Users in Government Sector	2008
7	Study on the Relationship between Ergonomic Risk Factor and Acute Back Injury and Chronic Back Pain Problems among Nurses in Malaysia	2008
8	Study on the Impact of Occupational Safety and Health (Safety and Health Committee) Regulations 1996 to the Standard of Occupational Safety and Health in Malaysian Industries	2008
9	To Study, Propose, and Prepare National OSH Policy	2008
10	Study to Determine Permissible Exposure Limit (PEL) for Chemical Hazardous to Health in Malaysia	2008
11	To Study, Propose, and Prepare Malaysia OSH Profile	2008
12	Study on Profile of Asbestos Usage in Malaysia	2010
13	Development of Indoor Air Quality Reference Value in Malaysia by Using MM-40 Questionnaires	2010

No.	Title	Year
14	To Study, Propose, and Prepare OSH Enhancement Action Plan for Manufacturing Sector (Metal) in Malaysia	2014
15	Exposure to Chemical Hazardous to Health among Paddy Farmers in Peninsular Malaysia	2014
16	To Study, Propose, and Prepare OSH Enhancement Action Plan for Mining and Quarrying Sector in Malaysia	2014
17	To Study, Propose, and Prepare OSH Enhancement Action Plan for Utilities Sector Malaysia	2014
18	To Study, Propose, and Prepare OSH Enhancement Action Plan for MRT Construction Sector in Klang Valley	2014
19	Regulatory Impact Assessment (RIA) on Statutory Inspection of Statutory Machineries by Third Party (Lisenced Person)	2014
20	Regulatory Impact Assessment (RIA) on Potential Threats in Integrity Management Plan in Petroleum Pipeline System and Supervising Third Party Inspection Authority to the Design, Installation, Inspection, Testing and Petroleum Pipeline Approval Activities	2014
21	Factory and Machineries Act (1967) and Occupational Safety and Health Act (1994) Migration Sustainability	2014
22	Regulatory Impact Assessment (RIA) on Sustainability of Occupational Safety and Health (Control of Industrial Major Accident Hazards) Regulations 1996 (CIMAH 1996)	2014
23	Study on Cost of Workplace Accident for Manufacturing Sector	2014
24	Study on Cost of Workplace Accident for Utilities Sector	2014
25	Study on Cost of Workplace Accident for Construction Sector	2014
26	Study on Cost of Workplace Accident for Agriculture Sector	2014
27	Study on Cost of Workplace Accident for Public Sector	2014
28	Development of a Comprehensive System for the Management and Control of Asbestos and Asbestos Related Diseases (ARD) at the Workplace	2014

No.	Title	Year
29	Study on Reporting of Occupational Diseases and Poisoning by Medical Practitioner	2014
30	Establishment of Suitable Biomarker Standard and Diagnosis Criteria for Medical Surveillance Programme among Workers in Malaysia	2014
31	Occupational Safety and Health Studies Related to Industrial Hazard Exposure and Impact to OSH Practice	2019
32	Development of OSH Enhancement Plan to Strengthen Principal Employers Role in OSH Implementation	2018
33	Study to Upgrade and Rebrand All OSH R&D and Standard Development	2017
34	Study on the Industry Needs to Competent Person in Improving OSH Standard towards Developed Nation Status	2017
35	Malaysia National OSH profile to Fulfil International Labour Organization (ILO) – R197 Requirements	2017
36	Study on Integrity Management and Degrading Control of the Ageing Plant in Oil and Gas, Chemical Processing, and Power Generators Sectors	2017
37	Study to Improve Tower Crane Safety Management System in Construction Sector	2017
38	Study on the Importance of Information Related to Occupation in Identity Document, Health Record and Death Certificate in Malaysia	2017
39	Study on the Relevance of Occupational Health Service in Screening to Identify and Prevent Occupational Diseases in Small and Medium Industries in Malaysia	2017
40	<u>ASEAN-OSHNET Virtual Learning to Enhance Understanding and Implementation of OSH Management Systems for SMEs</u>	2021
